PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Cool Action Stops Robbery Attempt

Cool action on the part of Mrs. L. W. Armstrong foiled a would-be robber intent on snatching and running off with her week's collection of rent money.

Dr. and Mrs. Armstrong, Pahokee pioneer settlers, have several residential rental units in the Negro section of Pahokee. It was dark by the time Mrs. Armstrong had completed her weekly collection, and as she approached her car, parked on Rardin Avenue, a Negro man ran up from behind her and grabbed at the money box she carried.

As she called for help, she held tightly on to the box. In the ensuing scuffle the box fell to the pavement, with the lid flying open and the contents scattering. Alarmed at the unexpected turn of events, the thief fled into the darkness without stooping to pick up the first piece of money.

Pahokee police were soon at the scene and all of the money was recovered. During the 20 years Mrs. Armstrong has been making her weekly rounds of rent collection this is the first time she has ever been molested.

The team also won a fourth place for its egg exhibit at the show. In the individual 4-H judging Bill was rated ninth and Joe tenth place.

In addition, he received four blue, 22 red and two white ribbons. Janette won six blue and four red ribbons for her exhibit of 10 Rhode Island Red pullets. Her sister, Nancy Harrington, received five blue and five red ribbons for a similar exhibit of 10 pullets of the same breed.

The 4-H Clubbers were accompanied to the fair by Mrs. Elizabeth Pierce and Raleigh Griffin, county agents, and Mrs. A. R. Harrington, mother of Janette and Nancy.

Predicts Heart Fund Big Success

Quinton C. Vrooman, chairman of the 1960 Heart Fund, predicts the 1960 Heart Fund as passing the all-time high mark of 1959 of \$132,000.

"From the first incomplete reports, all areas are doing far better than in 1959. Having Heart Sunday on February 28th has made it impossible for the accounting committees to complete their tabulations by March 1st," stated Vrooman.

Areas showing big gains from the first reports are Boca Raton, Boynton Beach, Lake Worth, West Palm Beach, Riviera Beach and Lake Park.

Mrs. Reg. Dietrich of Jupiter reports an increase in the contributions as does Al Olson and Mrs. J. B. Obert, chairman of North Palm Beach Village, and Mrs. R. A. Bissnette of Palm Beach Shores.

LAKE LYTAL

Lake Lytal Seeks Assessor's Job

Lake Lytal, a county commissioner for 17 years and a resident of this area for more than 40 years, this week announced he will be a candidate for County Tax Assessor at the Democratic Primary May 3.

"For the past several years," Lytal said, "it has been my ambition to seek a promotion to the office of Tax Assessor. My decision to run for this office was not made in haste."

"I have followed the operation of this office very closely for a period of years and believe I have a complete knowledge of what is needed to establish a fair and equitable tax roll for the people of Palm Beach County. Being familiar with property values throughout the county, I have a definite idea of what part of a tax burden, property should assume, and in evaluation of the present tax roll and recent reassessment, I believe it is a tax roll of many inequities, and that for the benefit of a very few, many property owners were hurt. I know it is possible to have a tax roll capable of providing sufficient funds to run our county and school governments and yet be fair and equal to all. I will not in any way do anything to interfere with the county's obligation to meet its legal requirements as set forth by the Minimum Foundation Law for operation of the school system and to help pay teacher's salaries. I sincerely promise to conduct myself in the position of Tax Assessor the same as I have in the past—as a public servant of the people. I will give my time and whatever talent I possess in attempting to correct whatever inequities any person may feel has befallen him."

Lytal, who has just completed his fifth term as chairman of the county board is a graduate of Palm Beach High and a graduate from Cumberland University after attending the University of Florida and Loyola University. He is married to the former Ruth Best. His son, Lake Jr. is a sophomore at Palm Beach Junior College and daughter Lynn is a junior at Forest Hills High School.

Lytal has always been active in civic affairs and has a special interest in programs devoted to the interests of older citizens and youth of the community.

He is a member of the Trustees of the State and County Employees Pension and Social Security Board; a director of the Palm Beach County Employees Credit Union; chairman of a committee for higher education in the county; former chairman of the South Florida Airport Planning and Advisory Committee; chairman of the State Association of County Commissioners health and welfare committee; coordinator for county Lions Clubs in a survey of blind population being carried out by the National Foundation for the Blind; member of the TB and Health Association, executive committee and a past county seal chairman for the organization; president of the County Guidance Center and a member of the Polio Foundation in Palm Beach County and past March of Dimes chairman.

He is deeply interested in Little League and Pony League baseball programs, is a member of Kiwanis,

REP. EMMETT ROBERTS

Emmett Roberts For Representative

State Representative Emmett S. Roberts of Palm Beach County announced today that he has qualified with the Secretary of State in Tallahassee and that he will be a candidate for re-election to the Florida State Legislature House of Representatives from Group 2, Palm Beach County.

Roberts said that "after serious consideration, I feel that I can serve the citizens of Palm Beach County and the State most effectively as a member of the House. My seniority, having acquired a position on the powerful Legislative Council, and as a member of a number of major important inter-committees such as Finance and Taxation, Chairman of Education, Roads and Highways, and vice-chairman of Appropriations and Auditing, will be invaluable to Palm Beach County in its endeavors to secure construction funds for the Boca Raton University as well as securing the passage of legislation important to the citizens of Palm Beach County and the State of Florida." "I am grateful to the citizens of Palm Beach County for giving me the privilege of serving as their representative for three terms as a member of the House of Representatives. It has been a period of tremendous growth and progress for our county and state and I am proud that I have been privileged to make a contribution to that growth."

"I have endeavored at all times to fulfill the duties and responsibilities of the office with a high sense of integrity and sincerity and I shall continue to serve all the citizens of our county in the cause of good government."

"I shall continue my efforts and support to secure the passage of a

fair reapportionment bill, constitutional revision, the repeal of the increase of the intangible tax (a bill I co-introduced last session in the House), adequate financing of our public school system including funds for construction of the Boca Raton University, equity in our tax structure, and many other problems in this rapidly growing state of ours."

Home Owners Need To Ask Exemption

David Stewart, Palm Beach County tax assessor, reports that 3,400 home owners who had homestead tax exemptions in 1959 have failed to date to apply for their exemptions in 1960.

Home owners who have not renewed their application are urged to immediately sign and mail to the county assessor's office in West Palm Beach their renewal cards for their exemptions. Everyone who had homestead exemption in 1959, and has not received a renewal card, should contact the county assessor's office and obtain such a card for signature as soon as possible.

New applicants for homestead exemptions must go to the assessor's office in the County Court-house and make application. Mar. 30 is the deadline for the filing of all applications for homestead exemption, both new and renewals.

Golf Tourney At Bradenton Open

BRADENTON—Seems to be a trend toward associating professional golf tournaments with other events. The phenomenon gets another big push soon with the introduction of the new national De Soto Open in conjunction with the annual Hernando de Soto Celebration.

Typically the Conquistadores and other citizens of Bradenton have built their annual week-long celebration into one of the nation's most colorful pageants. Each year is re-enacted the landing near Bradenton in the early 16th century of Hernando de Soto and his stalwarts. The re-staging kicks off seven days of balls, festivity, sports, parade and fireworks. This year it will start on Sunday, March 20.

The past three years the DeSoto automobile company has participated in the celebration and has helped focus national attention on the affair. This year, the company is helping to inaugurate the new De Soto Open, March 24-27, as another assist to the City. Site of the De Soto Golf and Country Club is the big-name tournament will be just outside Bradenton.

HON. PAUL G. ROGERS

Paul Rogers Seeks Reelection May 3

Congressman Paul G. Rogers (D., Fla.) announced today he is filing for re-election to Congress from the Sixth Congressional District of Florida.

Rogers, now serving his third term in Congress, was first elected to the 84th Congress in a special election held in January, 1955, to succeed his father, the late Congressman Dwight L. Rogers of Ft. Lauderdale. He was re-elected to the 85th and the 86th Congress.

In a statement today from Washington, Congressman Rogers said:

"In accordance with the election laws of the State of Florida, I have today filed with the Secretary of State my declaration of candidacy for re-election to the Congress from the Sixth District of Florida."

"I am very grateful to the people of our District for having given me the honor of serving them in the last three Congresses, and I will run for re-election on my record during these sessions for I sincerely feel the people of our District appreciate performance rather than promises."

"I came to Washington believing that much improvement could be made in the operation of the government, to bring about more business-like methods which would cut down our high costs and waste. During my first two terms in office I was privileged to sponsor and guide to enactment proposals which spokesmen for the Hoover Commission have called the most important budget reform measures ever offered by the commission."

Kenneth P. Foster For Commissioner

Kenneth P. Foster, West Palm Beach realtor, this week announced his candidacy for re-election to the Palm Beach County Commission at the Democratic Primary election May 3rd.

Foster, who represents District One on the county board, was among the first candidates to qualify for the election this week.

Since serving as a member of the commission, Foster has taken an active interest in industrial development and securing new industry for Palm Beach County and in his announcement pointed out that his interest in planning an orderly growth for the county, has aided in establishment of a county zoning and building code; plat regulations which call for adequate drainage and road construction in sub division developments and a research department to aid in securing new industry for Palm Beach County.

Foster pledged his continued support for these activities which he termed some of the most important public improvements such as extension of the county's road and highway system, flood control measures, additional recreational and boating facilities through development of state and county park lands and protection of the county's waterways and ocean beaches.

He added that he will continue to lend his cooperation for such important matters as adequate support for the county health and welfare department, public health service and further development of the county's agricultural and cattle industries.

"Our county must continue to grow and progress," Foster said, "but this growth must be planned and timed to fit our economic pattern and not carried out at the expense of the public through increased taxation. Sound economy in government is the first trust of every public official."

Make your dream house come true! It's easy

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a home or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series B Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative continuously when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,344.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are prospering—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

corn field. Mr. Hundley had given the boys permission to gather second crops free of charge. After gathering the corn they returned to town where they sold it for 25¢ a bushel. The boys voted to use the proceeds of \$32.00 for their annual Scout Social which will be chaperoned by Mrs. Roy Vandegrift, Jr. and Mrs. Wheeler Ludlam. The date of social will be announced later.

A survival camping trip will be held this weekend at Fish Eating creek. If you've never been on a scout survival camping trip you'd probably like to know about it. You are allowed to take ten foot of fishing line, a hook, your choice of one hatchet, sheath knife, pocket knife and the clothes on your back. There is of course emergency rations on the trip in the event any scout feels it is necessary to break survival but if a boy is skilled in scout craft he will have no trouble. This type camping trip is planned to teach boys to live off the land in an emergency also to rely on themselves and make their own decisions.
